Common Vision Concert

The entertainment this year after the Anniversary Dinner is our own Summerlea Choir which is putting on a Common Vision Concert. The "vision", in this instance, comes from Ron Klusmeier, a well-known Canadian composer who has written many of the wonderful newer hymns in Voices United and More Voices.

Ron turned 70 this past year, and to mark the occasion he decided to donate his original music and his considerable technical resources to churches and community organizations to put on fund-raising concerts all across Canada for the Canadian Foodgrains Bank, whose mission is to put an end to world hunger.

So, all the money raised from ticket sales for the Anniversary Dinner (after expenses) will be donated the Foodgrains Bank. Also, through a special partnership agreement with Global Affairs, any donations we raise will be matched by the Government of Canada on a 4:1 basis. That means each dollar donated becomes \$5!!

Don't miss this opportunity to help stop world hunger, and buy a ticket to this delicious supper and concert!
