

## **PRAYERS FOR HEALING AND SUPPORT**

In Remembrance of my Grandma,  
by Christina Lily Chetkowski

You have been gone for two years now, buried deep in the ground.  
We miss you so dearly. We struggle on a daily basis.  
We will always love you, you will always be in our hearts and minds.  
Your memory lives on as does your love.  
Your love will never die, your love will never fade away.  
Your love is always here even though you are not.  
You are never far from our thoughts.  
We love you and always will.
